

RIDER INFORMATION

TIMETABLES

A timetable is a bus schedule that provides estimated arrival times at several key points along each bus route. In order to determine the time at which the bus will come past your bus stop, you must estimate the time based on the distance of your stop from the nearest key point. Generally you can estimate one minute of time difference for each quarter mile of distance. If you have questions about which route you should use or at what time you can catch the bus.

TELEPHONE INFORMATION: 432-4546

Citilink information lines are open Monday-Friday from 5:30 AM to 9:00 PM, and Saturdays from 7:30 AM to 6:30 PM. Just tell us where you are, where you want to go, and when you want to get there, and we'll tell you everything you need to know about riding the bus. If you wish, we will send you a transit system map and timetable for your reference. These are also available on the bus or on our website www.fwcitilink.com.

DESTINATION SIGNS

The sign above the windshield of the bus indicates the route for that bus. Before you get on the bus, be sure to read the destination sign to make sure that bus is going where you want to go. If you have any questions, the bus driver will assist you.

GETTING OFF THE BUS

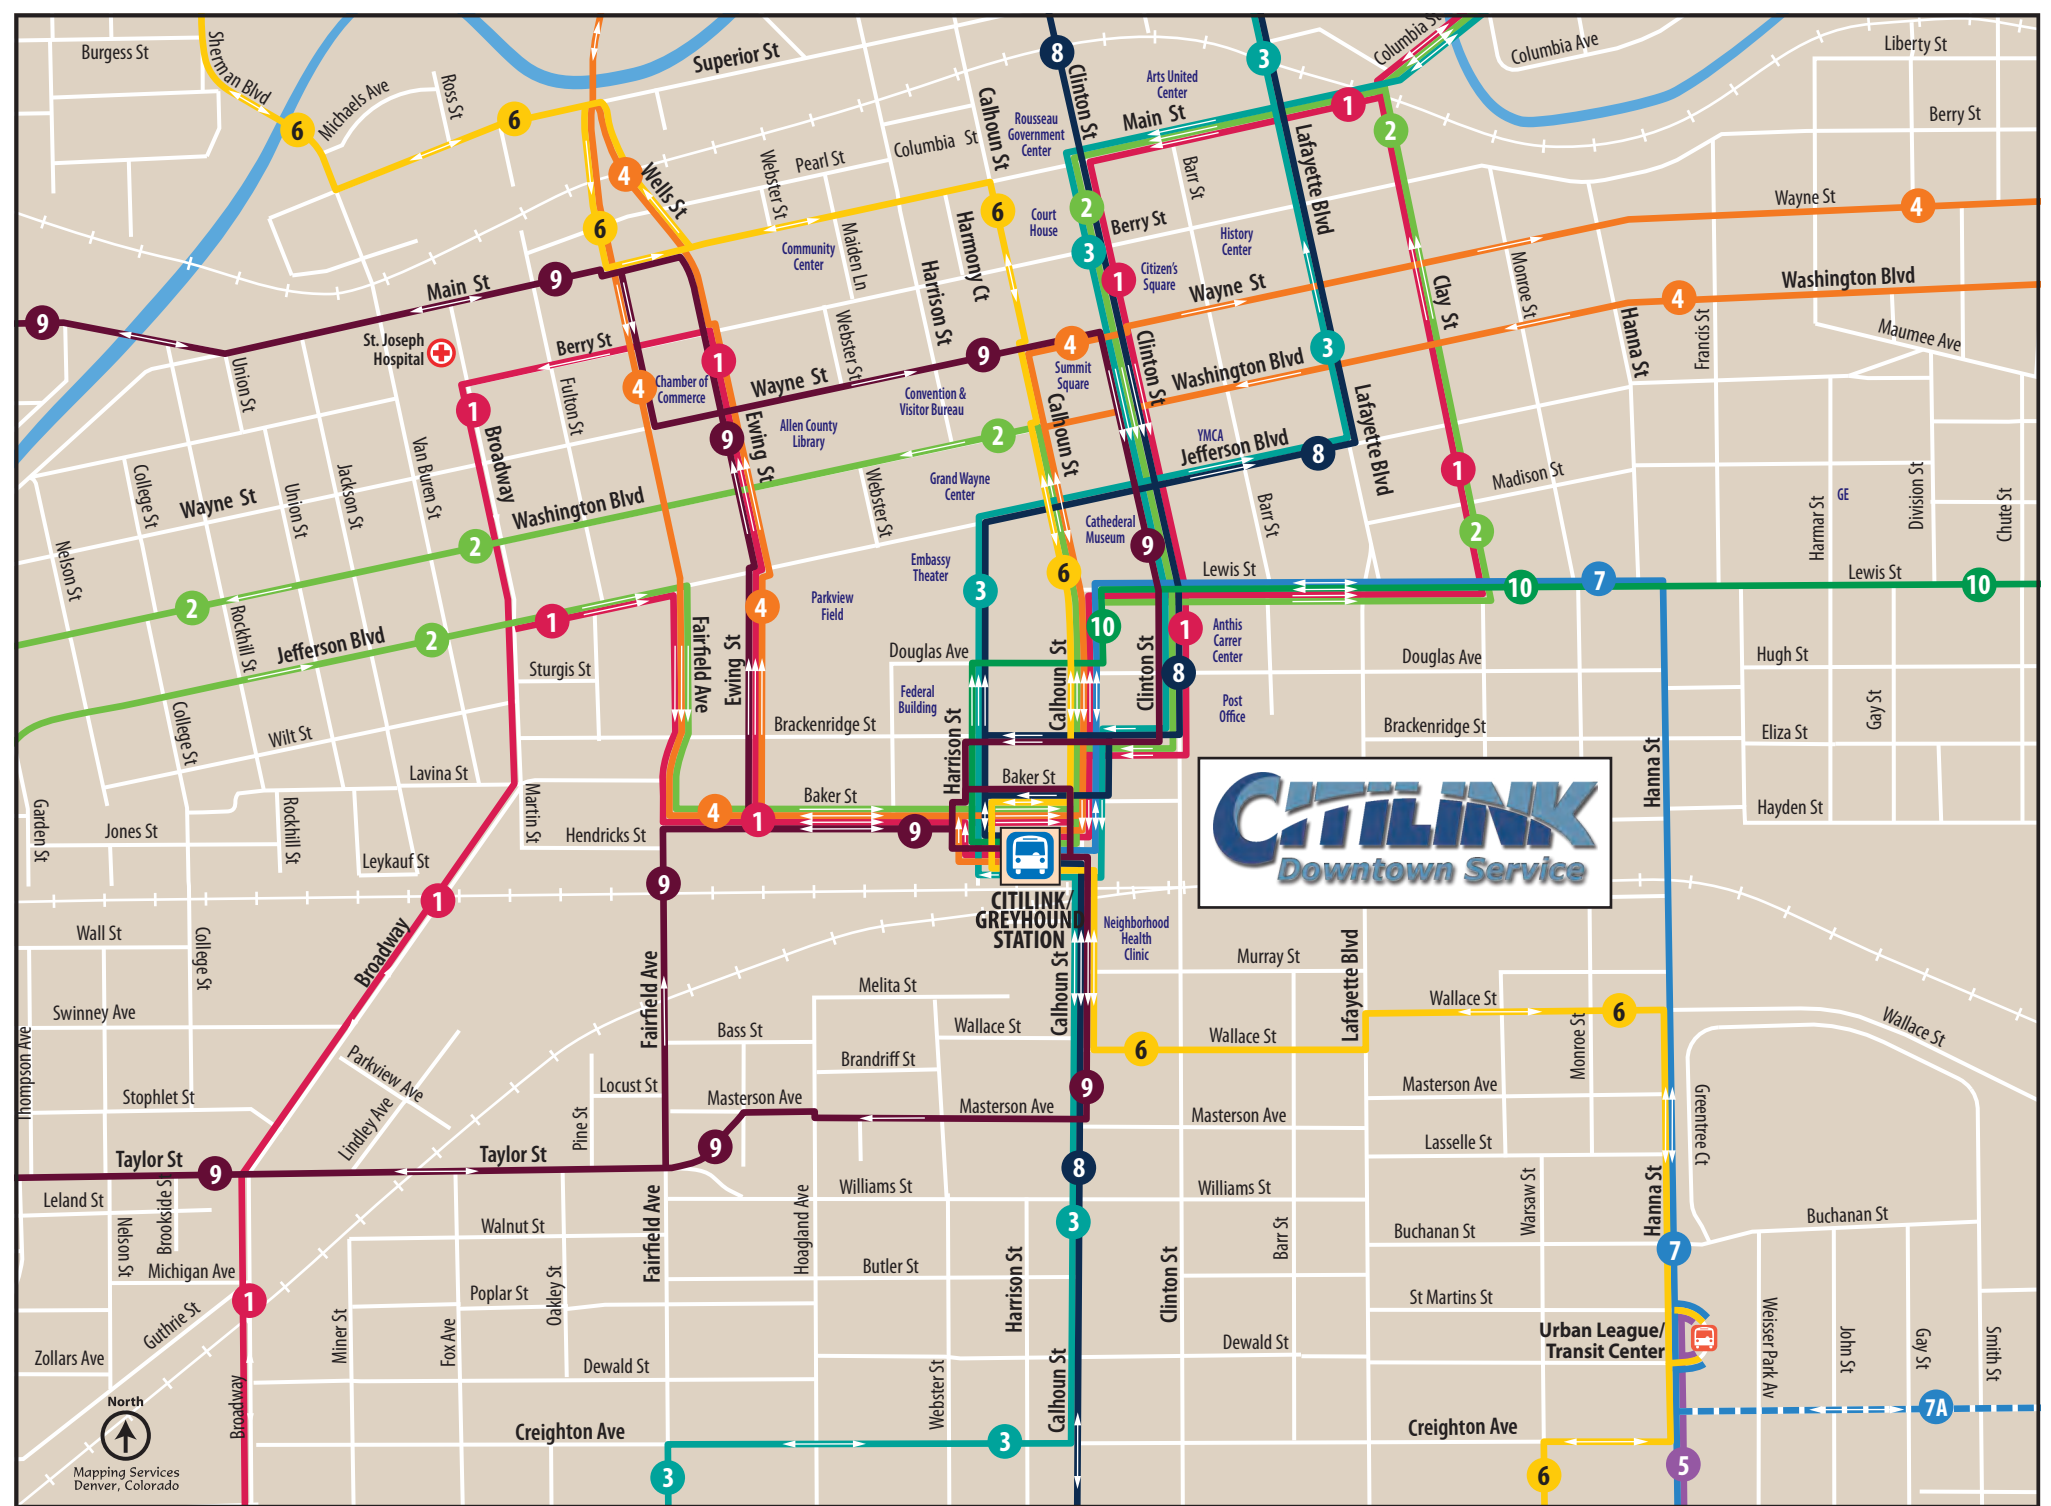

When the bus approaches your destination, pull the cord above the window or touch the plastic strip between or above the windows to signal the driver. Remain in your seat until the bus has come to a complete stop. Then exit by the door directed by the driver. Never cross the street in front of the bus. Wait until the bus pulls away from the stop before crossing the street BEHIND the bus.

TRANSFERS

Citilink does not offer transfers. We encourage passengers to purchase an All Day Pass for unlimited bus rides all day. These are available on the bus from the farebox. Please inform the driver before depositing money for the purchase of a Day Pass. Day Passes are also available at pass sales outlets, including the ticket machine at the new Citilink Central Station.

Flexlink Service - A different kind of Citilink service

Routes starting with the number 20 (routes 21 and 22) operate as "Flexlink" services. To use Flexlink service, find out the number of the Flexlink stop nearest your origin and/or destination (Individual maps showing alternate stops for Routes 21 & 22 are available on our website). To request a pickup at a Flexlink stop, just call Citilink Customer Service at 432-4546 up to 30 minutes before you wish to travel, or ask the bus driver as you board.
