

San Francisco Bikeway Network Map

Legend

- Separated Bicycle Lane (striped, marked, and signed bicycle lanes buffered from vehicle traffic)
- Bicycle Lane (striped, marked, and signed lanes for bicycle travel)
- Bicycle Route (shared travel lane marked and signed for shared use)
- Bicycle Path (off-street multi-use path)
- One-Way Street
- BART Station
- Caltrain Station
- Park or Open Space
- College or University
- Major Street
- Neighborhood Street
- Freeway

Hills

- Steep Hill (more than 10% grade)
- Moderate Hill (5-10% grade) (arrow points uphill)

Hand Signals:

Make others aware of your intentions with these hand signals:

Bicycle Safety Tips:

Roadway Obstacles:
Always cross streetcar and rail tracks while traveling as perpendicular to the tracks as possible. Watch out for grates, manhole covers, potholes, and slick surfaces.

Intersections:
Always be cautious when proceeding through intersections. Be especially watchful for pedestrians and turning cars. Make eye contact with drivers to ensure they see you!

Curb Access:
Yield to taxis and paratransit vehicles in the cycletrack or bike lane. These vehicles have curb access priority.

Mixing Zones:
When coming together with other vehicles in mixing zones, avoid conflicts by paying attention to sharrows, lane markings, and most importantly, cars!

Be Aware:
Share the road with others and use hand signals to show your intentions. Follow sharrows to stay out of the door zone!

Trucks:
Give trucks a wide berth! They have large blind spots to both sides and to the rear. Take the lane to carefully get around right-turning vehicles.

Buses:
Never pass buses on the right and don't follow too closely. Keep an eye out for pedestrians and sudden stops.

The Vehicular Left Turn:
Look and double check for oncoming cars before moving into the left-turn lane. Yield to oncoming traffic and complete your left turn.

The Two-Stage Left Turn:
Wait for the green light and ride carefully next to the crosswalk. Wait for the light and follow the crosswalk across the street.

NEVER ride in the wrong direction or on the sidewalk!
These are major causes of collisions.

This project is made possible by the San Francisco County Transportation Authority through a grant of Proposition K Local Transportation Sales Tax Funds.
